

TUITION STUDENTS

-- Tuition Students Not Normally Eligible to Attend Conway Schools

The Conway School District recognizes that the quality of educational programs and other factors will attract applications by students not normally eligible to attend a Conway school. Upon written request by the parents or guardian to the Superintendent, a decision will be made in consideration of:

- (1) Availability of space for student in the classroom to be affected.
- (2) Agreement by parents/guardian to a payment schedule.
- (3) Recommendation by the Principal.
- (4) Student's potential contribution to the school.
- (5) Ability of school to provide appropriate education.

Such application must be made by the first of August prior to commencement of each school year.

Adopted by Conway School Board - May 5, 1994
