

JHA

STUDENT INSURANCE PROGRAM

The Conway School District, at its discretion, may offer supplemental student accident insurance. This insurance may not cover all accidents and may have certain limits.

If an accidental injury is not covered, or if the amount of the claim exceeds the limits of the policy, the Board shall not pay for the balance of the claim.

If negligence is suspected, the claim shall be submitted to the District's General Liability carrier for review.

As appropriate, school principals will make available to parents/guardians information from the insurance company about extended coverage they may purchase at their discretion and expense.

Principals will advise parents/guardians annually of this policy.

Adopted by Conway School Board - February 29, 1996
