

## **INCLUSION FOR ALL STUDENTS**

The Conway School District recognizes the benefits for all students to be fully engaged in all aspects of school life and in the acquisition of knowledge.

The District is committed to assisting all students to recognize and achieve their full potential relative to their educational capabilities. This assistance is addressed through collaboration among general and special educators, administration, school boards, and community members of the District. Curriculum guides, professional development opportunities, and New Hampshire assessment materials and procedures are designed to ensure the full participation of all students in the District's educational opportunities to the maximum extent possible.

The District shall publish this statement as appropriate and timely.
