MUNICIPAL USE OF SCHOOL BUSES

The Eaton School District wishes to provide school buses to municipal departments for emergency use and other justifiable reasons.

A fair rental will be charged for the use of any bus.

The driver of the bus will be appropriately licensed and will be hired by the municipal department; the department will insure the vehicle and driver, and will indemnify the school district for any damages, costs, or attorney fees that the district might incur.

Adopted by the Eaton School Board – 11/4/91
