

Home School Policy

The Eaton School District recognizes the existence of Home Education as defined by RSA 193:1 and RSA 193-A.

Any tuition costs incurred by home schooled students related to services or part-time attendance at the district assigned school will be paid by the Eaton School District.

The Eaton School District, however, assumes no additional liability or responsibility (financial or otherwise) for home schooled students other than what is required by the RSAs.
